

News Release

FOR IMMEDIATE RELEASE:

Spring months bring balance to Greater Vancouver housing market

VANCOUVER, B.C. – June 4, 2013 – While the number of home sales in Greater Vancouver continued to trend below the 10-year average in May, the balance of sales and listings meant continued market stability this spring.

The Real Estate Board of Greater Vancouver (REBGV) reports that residential property sales in Greater Vancouver reached 2,882 on the Multiple Listing Service® (MLS®) in May 2013. This represents a one per cent increase compared to the 2,853 sales recorded in May 2012, and a 9.7 per cent increase compared to the 2,627 sales in April 2013.

Last month's sales were 19.4 per cent below the 10-year sales average for the month, while new listings for the month were 7.4 percent below the 10-year average.

"We've seen some steady trends over the last three months," Sandra Wyant, REBGV president said. "The number of homes listed for sale has been keeping pace with the number of property sales, leading to a balanced sales-to-listings ratio. This is having a stabilizing influence on home price activity."

New listings for detached, attached and apartment properties in Greater Vancouver totalled 5,656 in May. This represents an 18.3 per cent decline compared to the 6,927 new listings reported in May 2012 and a 3.7 per cent decline from the 5,876 new listings in April of this year.

The total number of properties currently listed for sale on the MLS® in Greater Vancouver is 17,222, a 3.4 per cent decrease compared to May 2012 and a 2.9 per cent increase compared to April 2013.

The sales-to-active-listings ratio currently sits at 17 per cent in Greater Vancouver. This is the third straight month that this ratio has been above 15 per cent. Previous to this, May 2012 was the last time this ratio was above 15 per cent.

The MLS® Home Price Index composite benchmark price for all residential properties in Greater Vancouver is currently \$598,400. This represents a decline of 4.3 per cent compared to this time last year and an increase of 1.8 per cent compared to January 2013.

Sales of detached properties reached 1,212 in May 2013, an increase of 2.7 per cent from the 1,180 detached sales recorded in May 2012, and a 22.8 per cent decrease from the 1,570 units sold in May 2011. The benchmark price for detached properties decreased 5.2 per cent from May 2012 to \$917,200.

Continued

Sales of apartment properties reached 1,136 in May 2013, a decline of 1.7 per cent compared to the 1,156 sales in May 2012, and a decrease of 7.5 per cent compared to the 1,228 sales in May 2011. The benchmark price of an apartment property decreased 3.7 per cent from May 2012 to \$365,600.

Attached property sales in May 2013 totalled 534, an increase of 3.3 per cent compared to the 517 sales in May 2012, and a 7.8 per cent decrease from the 579 attached properties sold in May 2011. The benchmark price of an attached unit decreased 3.2 per cent between May 2012 and 2013 to \$454,900.

-30-

The real estate industry is a key economic driver in British Columbia. In 2012, 25,032 homes changed ownership in the Board's area generating \$1.07 billion in economic spin-off activity and creating an estimated 7,125 jobs. The total dollar value of residential sales transacted throughout the MLS® system in Greater Vancouver totalled \$18.6 billion in 2012. The Real Estate Board of Greater Vancouver is an association representing more than 11,000 REALTORS® and their companies. The Board provides a variety of member services, including the Multiple Listing Service®. For more information on real estate, statistics, and buying or selling a home, contact a local REALTOR® or visit www.rebgv.org.

HOW TO READ THE TABLE:

• Benchmark Price: Estimated sale price of a benchmark property. Benchmarks represent a typical property within each market.

• Price Index: Index numbers estimate the percentage change in price on typical and constant quality properties over time. All figures are based on past sales.

• x Month/Year Change %: Percentage change of index over a period of x month(s)/year(s)

In January 2005, the indexes are set to 100.

Townhome properties are similar to Attached properties, a category that was used in the previous MLSLink HPI, but do not include duplexes.

The above info is deemed reliable, but is not guaranteed. All dollar amounts in CDN.
